FY 2026-2027 UNIVERSITY BUDGET PLAN**

Section III

FY 2026-2027 Tuition and Fees

Tuition and Fees

Fiscal Year 2026-2027 University Budget Plan

Executive summary

At VCU, we are committed to investing in the UNstoppable and aligning resources to advance student success, foster innovation and research that impacts lives, and strengthen the value of a VCU degree. VCU’s 2027 tuition and fee strategy, together with its overall budget, addresses mandated and inflationary costs while reflecting a strong commitment to innovative academic programming, expanded internship opportunities, and increased graduate stipends. Each year, these investments and costs are addressed by 1) ongoing budget realignments, 2) anticipated funding from the state and 3) enrollment revenue.

Tuition and fees

VCU aligns resources to grow the value of a VCU degree and works with the Commonwealth to minimize tuition increases. From fiscal year (FY) 2020 to FY 2025, VCU’s Board of Visitors has implemented modest tuition adjustments below inflation (CPI 3.9%, HEPI 3.5%, VCU 2.34%), with 0% increases in FY 2020, FY 2021 and FY 2022.

In FY 2027, VCU continues to face significant cost increases in military tuition waivers, state-mandated salary increases, technology, security and service contracts. Guided by a clear, strategic direction to balance the budget and support continued student success and value, VCU proposes a 3.9% tuition increase in FY 2027 along with reductions and realignments.

Tuition and fee revenues will support the expansion of student internships and experiential learning opportunities, including initiatives like Every Ram’s a Researcher. These funds will also be used to increase graduate stipends and invest in the growth and development of in-demand academic programs.

- The technology fee will increase \$8, from \$323 to \$331, to address inflationary costs.

Summary of notes applicable to Tuition and Fee tables

- The Tuition and Fees section reflects all charges in dollars.
- Calculation of annual undergraduate tuition assumes 15 credit hours per semester; 30 credit hours for the fall and spring semesters, although 12 credits per semester (24 credits per year) is considered full-time. Tuition will depend on the number of credit hours taken.
- Course overload fee: Full-time graduate students are also charged at the part-time per credit hour rate for each additional hour exceeding 15 credit hours per semester in which the student is enrolled. The overload fee does not apply to students in first professional programs or other programs which specifically require the student to enroll in courses that exceed the applicable maximum number of credit hours.
- Part-time student activity fee for programs on the MCV Campus represents the total charge for the semester.
- Part-time undergraduate students enrolled in graduate courses required for their degree pay the undergraduate rate.
- Student government fee rates are applicable to the total summer session.
- Students designated as “off-campus” do not pay a student activity fee, University Fee, student health fee, or capital outlay fees.

In addition to the tuition and fee charges identified, the president or his designee(s) may set tuition and fee charges for courses offered by the university. The rates shall be consistent with the university’s mission, the overall tuition and fee schedule, and state requirements.

Notes

(1) Fee removed in the 2026-2027 academic year

(2) Fee is estimated based on full-time 12-credit hour semester (24 per year) multiplied by the per-credit-hour rate. Adjustments will be made based on total credit hours.

(3) Students outside of VCU, who will be taking VCU School of Nursing doctoral courses through NEXus, will be assessed a rate determined by NEXus, and will be exempt from all university and program specific fees. The rate for FY 2025-2026 is \$995 per credit hour regardless of residency status. (Graduate Clinical Lab Fee) All students enrolled in courses with clinical components are required to pay \$90 per graduate clinical credit hour. The estimates above assume that the student is enrolled in two clinical courses per academic year.

(4) Per semester charge

(5) Graduate Program Fee will be assessed to all Nursing graduate programs except MDE.

(6) Graduate Licensure Program Fee will only be assessed to Nurse Practitioner concentration/licensure for the following programs; DNP - Adult Gero/Acute Care, DNP - Family, DNP Psych/Mental Health, Cert - Adult Gero/Acute NP, Cert - Family NP, and Cert - Psych/Mental Health NP.
